

REMARKS

The Examiner has requested a restriction requirement directed to pending Claims 1-20. The Examiner alleges that the application contains claims directed to the following patentably distinct species of the claimed invention: Group I, Claims 1-9 drawn to a semiconductor package; Group II, Claims 10-15 drawn to a electronic assembly; and Group III, Claims 16-20 drawn to a method.

In order to fully respond to the Examiner's restriction requirement, Applicants have elected to prosecute Group III, Claims 16-20. New Claims 21-35 have also been added. New Claims 21-35 are drawn to the same species as the selected embodiment. No additional fees should be incurred by the addition of the new Claims.

If there are any fees incurred by this Amendment Letter, please deduct them from our Deposit Account NO. 23-0830.

Respectfully submitted,
